# UCI School of Medicine

## 2017-2018 Commencement Participants

---

### PhD in Biomedical Sciences:

#### Anatomy and Neurobiology:

Megan Curran                      Diane Su

#### Microbiology and Molecular Genetics:

Angela Garibaldi                      Ken Hayama  
Christie-Lynn Mortales              Wendy Ullmer  
Maliheh Movassat

#### Biological Chemistry:

Ghaidaa Kashgari                      James Yu

#### Experimental Pathology:

Hsiao-Chen Lee

#### Physiology and Biophysics:

Jovani Catalan-Dibene

### PhD in Environmental Health Sciences:

Roxana Khalili

### PhD in Epidemiology:

Teofilia Acheampong                      Clara Ziadeh  
Avital Fischer                              Kristin Hirahatake  
Daniel Nuyujukian                              John Schomberg

### PhD in Pharmacology & Toxicology:

Christopher Blair                              Shiwei Liu

### MD/PhD - Medical Scientist Training Program:

Suzanne Klaus                              Don Wei  
Sarah Cousins

### MS in Environmental Health Sciences:

Ling Jing                                      Tracy Lee

### MS in Epidemiology:

Farheen Faruk                              Melanie Logan  
Muzi Lu

### MS in Biomedical and Translational Science:

Jessica Andrusaitis                              Derek Banyard  
Harwood Garland                              Xiaoming Wang  
Abhinav Grover                              Jeffrey Tan Gu  
Linda My Huynh                              Sophia Yang  
Alexander Lin                              Jennifer Maffre  
Lindsey Minion                              Farhana Mukhtar  
Omid Moshtaghi                              Juliet Wolford  
Fadi Nossair

### MS in Genetic Counseling:

Jennifer Cech                                      Marina Dutra-Clarke  
Rojan Kavosh                                      Dillon van den Berg  
Anna Leonenko                                      Heather Maves  
Diana McVeigh

**Congratulations from the UCI School of Medicine Office of Graduate Studies!**
