

Academic Job Search Boot Camp Summer 2014 GRAD STUDENT WORKSHOPS

All workshops are on Fridays from
1 pm-2:30pm in the Career Center

Each year the academic job market gets more competitive. If you want that coveted tenure track job you need to start sooner and work harder than your competitors. Start this summer with the 6th Annual Academic Job Search Boot Camp. Attend the workshops offered below throughout the summer and gain that competitive edge.

July 18 *Building Your Academic Network*

Learn how to develop, nurture and cultivate your relationships with important people who can help you become an academic success.

July 25 *Preparing for the Academic Job Market*

In this workshop you'll learn to identify the types of jobs and institutions that match your needs, understand the market, and locate job announcements. We'll also discuss the materials you need to prepare to be ready for the market.
