Coach’s Gross Anatomy Lab Consent Form

Dear Coach/Mentor,

During UC Irvine’s Summer Premed Program, we will conduct a Gross Anatomy Laboratory session with a cadaver. The cadaver’s face will be covered. Prior to the laboratory session the students and coaches will be prepared psychologically. Although most people have no reaction or problems in such classes, a few sometimes experience varying degrees of anxiety or dislike for the smell of preservatives used to maintain the cadavers.

You can choose NOT to attend the class and work instead on student projects or start at 11 a.m. on the lab day. Please read and choose one of the following options. Your signature is required.

___ I will not attend the Gross Anatomy lab session.
___ I will attend the Gross Anatomy lab session. I acknowledge that the nature of the Gross Anatomy Lab activity may be associated with minor hazards or risks (as described above). I hereby accept all risks of injury that may result from such participation. I also release the Regents of the University of California, its employees and representatives from any and all claims, actions, suits, procedures, costs, damages and liabilities brought as a result of my involvement in the Gross Anatomy Lab as a part of the Summer Premed Program at the University of California, Irvine.

Signature of Coach: ____________________________________________ Date: ____________

Name of Coach (print legibly): ____________________________________________
