At UC Irvine Health, we are dedicated to advancing our mission to Discover. Teach. Heal., and your consideration of the Willed Body Program at UC Irvine School of Medicine is a testament to your passion for leading edge education and pioneering research in clinical care.

Options for memorializing a loved one are available at the UC Irvine campus in front of the Willed Body Program Monument. The monument offers families and friends a peaceful place to pay tribute to loved ones who have participated in the UC Irvine Willed Body Program. An engraved brick is a lasting way to honor a special person.

**Giving Opportunity**
